Title: Beautification Award

The City of Gulf Shores Beautification Board recently reinstated their Landscaping and Preservation Award. There have been no awards given since Hurricane's Ivan and Katrina. Meyer Real Estate is the first recipient of this award since the reinstatement. Sheila Hodges, owner of Meyer Real Estate designed the Courtyard around a beautiful large Live Oak. "I changed the floor plan of the building in order to incorporate the Live Oak into the setting of the courtyard", said Sheila.

The Beautification Board grants this award quarterly. Only Commercial Properties are considered for the award. Another organization presents awards to personal residences. The Beautification Board meets the first Wednesday of each month.
